

**FOR IMMEDIATE RELEASE**

**DOUG SLOAN JOINS BONE MCALLESTER NORTON**  
**Industry Veteran To Lead Land Use and Zoning Law Practice**

**NASHVILLE, Tenn. (Aug. 15, 2019)** – Industry veteran Doug Sloan is bringing his legal expertise to Bone McAllester Norton PLLC to lead the firm’s Land Use and Zoning practice. He comes to the firm with more than 15 years of experience in government relations and land use and zoning regulations.

Most recently, Sloan served as the Vice President and Chief Legal Officer at the Metro Nashville Airport Authority, during a time when BNA embarked on a \$1.2 billion expansion.

“As Nashville’s real estate market continues to grow, having Doug as a part of our team is a great situation for us and our clients,” said Charles Robert Bone, president and CEO of Bone McAllester Norton. “He brings a wealth of knowledge in development and strategic city planning, and his expertise in land use and zoning allows us to grow an important practice at our firm. Doug will be a huge asset for our clients and our entire team.”

A native Nashvillian, Sloan is best known locally for seeing Nashville through immense growth during his tenure leading the Metro Planning Department. He also served in the Office of Mayor Karl Dean, where he managed land purchases for Nashville after the 2010 flood and as liaison to the Tennessee General Assembly for the city. He advised a variety of Metropolitan Government departments throughout his career, including Codes, Planning, Public Works and Water services.

“I’ve admired Bone McAllester Norton’s work for a long time, and it’s an honor to join a firm of this caliber,” Sloan said. “I am looking forward to serving as a resource for real estate professionals and developers in the Nashville area and continuing to play a role in this city’s long-term and responsible growth.”

Bone McAllester Norton’s Land Use and Zoning practice group will represent a diverse set of clients, including commercial developers, property owners, home builders, small and large businesses in various industries, banks, and governmental agencies. The firm also deals with all types of land use and zoning litigation, in consultation with the Litigation and Dispute Resolution practice group. Attorneys in this group have substantial hands-on experience in rezoning, compliance with zoning overlay requirements, public–private partnerships and increasing entitlements in highly regulated zoning districts.

Sloan earned his bachelor’s degree from Middle Tennessee State University and his J.D. from Nashville School of Law.

**About Bone McAllester Norton PLLC:**

Bone McAllester Norton PLLC is one of Nashville’s largest law firms, with 20 distinct practice areas. The firm traces its roots back to 1978 when Charles W. Bone, Sam McAllester and Mike

Norton first joined together to practice law. More than two decades later, in 2002, these lawyers along with Stacey Garret Koju joined together to form Bone McAllester Norton. The firm is known for their enthusiasm for the law, relentless dedication to clients and passionate commitment to the Nashville community. With offices located in Nashville, Hendersonville and Franklin, Tenn., its attorneys work closely with clients on business and litigation matters across the country.
